19mm Mix and Match Range

A beautiful range of poles with 16 contemporary style slender finials in a variety of designs and materials to compliment all types of modern or contemporary room styles.

The poles, finials, brackets and rings are all sold separately enabling you to mix and match to create your own individual look.

All poles come complete with a joining piece, allowing poles to be joined together to cover wider windows.

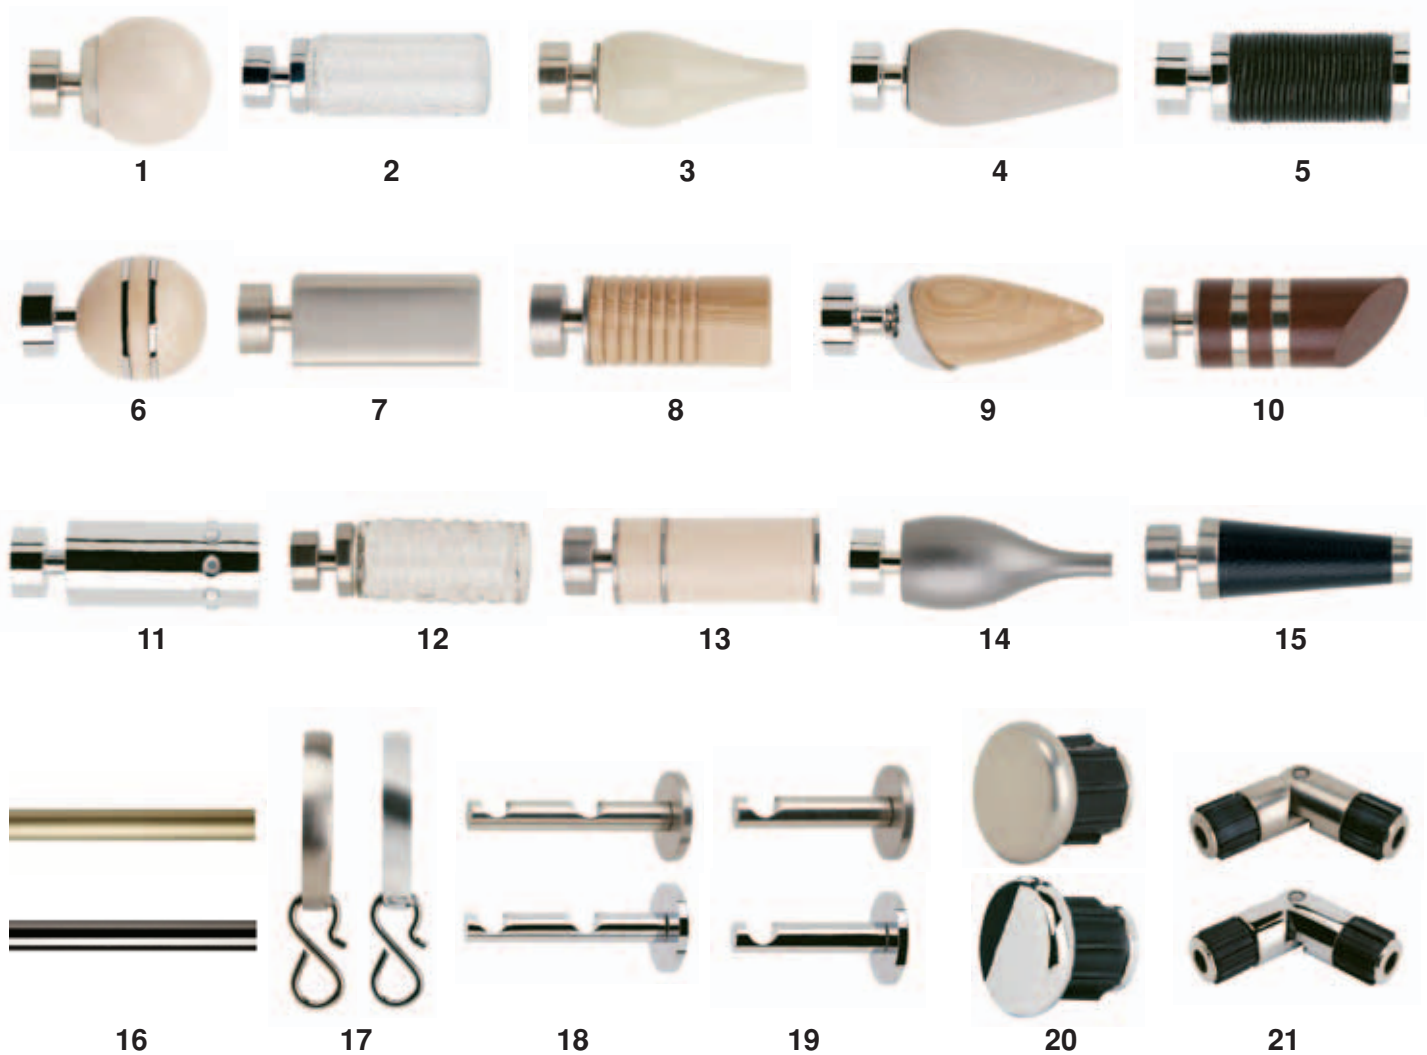

Please note that additional brackets should be purchased to support the join.

Bay window corner joints are ideal for angles up to 60 degrees suitable for use with lightweight curtains up to 4kg (8.8lbs).

Corner joints provide a decorative solution for most bay windows when using 4 functional or 2 display curtains.

Additional features for this range include double brackets and end stoppers which achieve an elegant and stylish multi-layered look which will enhance any window.

Colour finishes: Chrome Effect and Satin Nickel Effect.

28mm Mix and Match Range

A striking range of mix and match poles and finials in designs to suit any taste.

All items are sold separately to enable you to achieve a truly unique look.

All poles come complete with a joining piece, allowing poles to be joined together to cover wider windows.

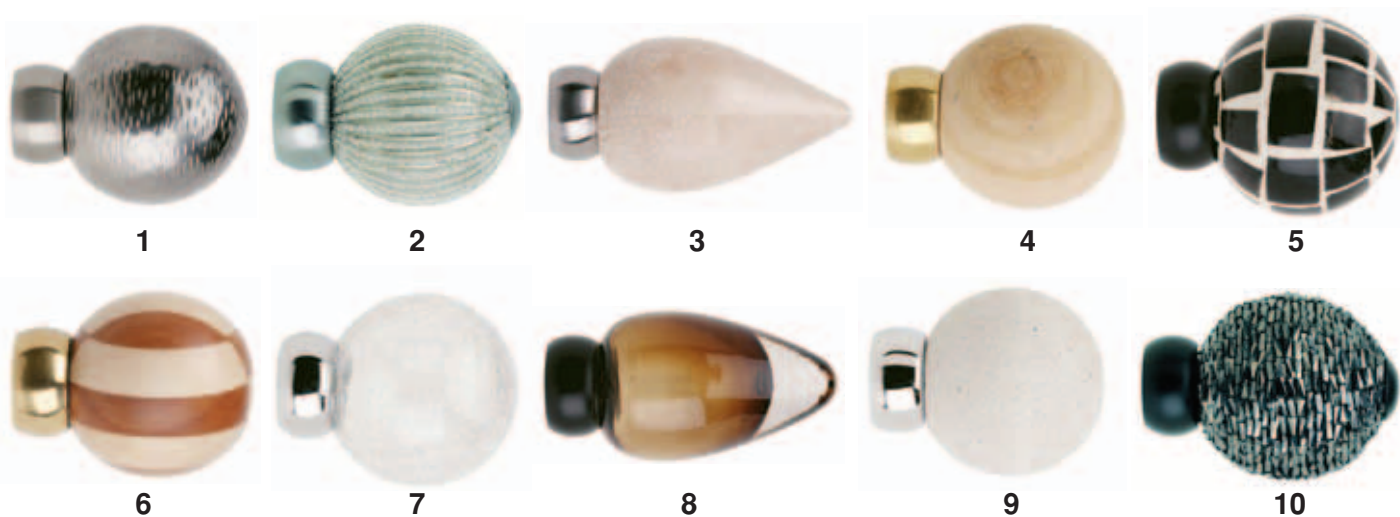

Please note that additional brackets should be purchased to support the join.

This range is suitable for medium weight curtains up to 8kg (17.6lbs).

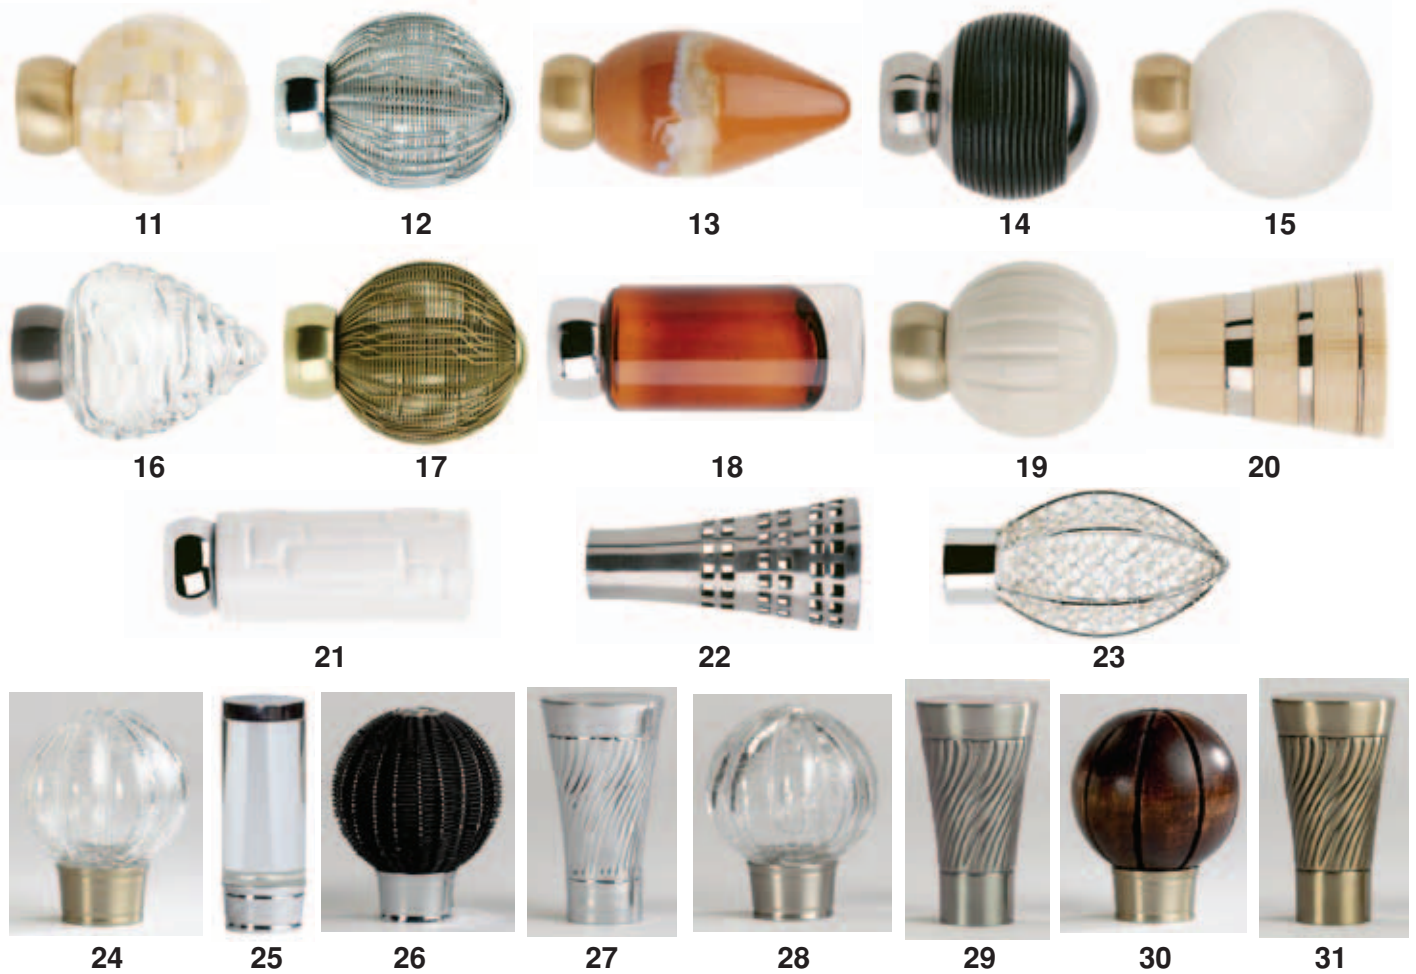

Additional accessories for this range include corner joints, pass over brackets and pass over rings to provide an effective bay window solution. Pass over rings are suitable for use on bay windows up to angles 60 degrees only. 90 degree bay windows will require a 4 curtain solution.

Pole Sizes: 120cm and 180cm

Colour finishes: Burnished Brass Effect, Brushed Silver Effect, Chrome Effect and Black.
